### Respite Care Provider Facilities

The term **Respite** means “an interval of temporary relief or rest.” It is a chance for a caregiver to take a break. That break may be when a temporary caregiver comes into your home to care for your loved one. It may be when your loved one is temporarily cared for outside your home. Ideas for creating respite for yourself are found on the page titled **Respite Care Options**, or you may want to talk to the staff at Senior Information & Assistance about the state-funded Respite Program. Facilities which provide care outside the home are listed below. Those with asterisks (\*\*) following their names are contracted through the Respite Program and also accept private pay individuals.

Name/Address of Facility	Minimum Stay	Maximum Stay	Cost
