Your responsibilities (you must) for all health care coverage programs

SSN and Immigration Status Disclosure. With some exceptions, you must provide a Social Security Number (SSN) or immigration document number of yourself or anyone else in your household who wants to apply for health care coverage. An SSN is required to apply for health insurance premium tax credits. We use this information to determine your eligibility by confirming your identity, citizenship, immigration status, date of birth, and availability of other health care coverage. We do not share this information with any immigration agency.

It is possible to apply for coverage for some members of your household, but not others. If you do not have an SSN or immigration document number for all household members, others can still apply for and get coverage. For example, you can apply for your child even if you aren't eligible for coverage. Applying won't affect your immigration status or chances of becoming a permanent resident or citizen.

There are also some Washington Apple Health programs for people who cannot show they are in the country legally. But if you choose not to provide an SSN or immigrant document number for someone in your household, we will need to follow up with you to get information about the non-applicant's income.

If requested by the agency, provide any information or proof needed to decide if you are eligible.

Things you should know for all health care coverage programs

There are certain state and federal laws that govern the operation of Washington Connection and state-administered application systems, your rights and responsibilities as someone who uses them and the coverage you get from using them. By using these systems, you agree to comply with the laws that apply to someone using them and the coverage they get as a result.

The National Voter Registration Act of 1973 requires all states to provide voter registration assistance through their public assistance offices. Applying to register or declining to register to vote will not affect the services or benefits that you will be provided by this agency. You can register to vote at **www.vote.wa.gov** or order voter registration forms by calling 1-800-448-4881.

Health Insurance Portability and Accountability Act (HIPAA) restrictions prevent HCA and DSHS from discussing the health information of you or any member of your household with anyone, including an authorized representative, unless that individual has power of attorney or you have signed a consent form authorizing the disclosure of this information. This includes disclosure of mental health information, HIV, AIDS, STD test results, or treatment and chemical dependency services.

The Affordable Care Act prevents DSHS and HCA from giving the personally identifiable information (PII) of you or any member of your household to anyone who is not authorized to receive it, and without your consent.

The information that you give DSHS and HCA is subject to verification by federal and state officials for purposes of determining your eligibility for health care coverage. Verification can include follow-up contacts from agency staff.

HCA and DSHS are not responsible for administering your health insurance plan. Your health insurance carrier can provide you more information about your benefits. **If you have questions about the terms of your health insurance plan, including what benefits you are eligible for, and making a benefit claim or appealing a denial of benefits, you should contact your health insurance carrier.**

You may apply for support enforcement services through the Division of Child Support (DCS).
To get an application for these services, go to **www.childsupportonline.wa.gov** or contact your local DCS office.

Estate Recovery doesn't happen until after your death, the death of your surviving spouse, and your surviving children are age 21 or older. It also doesn't happen if a surviving child was blind/disabled at your time of death. Recoverable costs include:

- Certain Washington Apple Health long-term services and supports, if you're age 55 or older at the time you received the services;
- Certain state-only funded services, regardless of your age at the time you received the services.

15 Read Carefully Before Signing

Repaying the State for Health Care Coverage and Long-Term Care:

By law, the State of Washington may recover the costs it paid for certain types of medical services from your estate through Estate Recovery (RCW 41.05A.090, RCW 43.20B.080, and Chapter 182-527 WAC). Estate Recovery doesn't happen until after your death, the death of your surviving spouse, and your surviving children are age 21 or older. It also doesn't happen if a surviving child was blind/disabled at your time of death. Recoverable costs include:

Certain Washington Apple Health long-term services and supports, if you're age 55 or older at the time you received the services;

Certain state-only funded services, regardless of your age at the time you received the services.

You can find a list of services subject to cost recovery under WAC 182-527-2742. You can find a list of assets excluded from recovery under WAC 182-527-2746.

The State may also file a pre-death lien on your real property, at any age, if you become permanently institutionalized (WAC 182-527-2734). The State may recover from a sale of the property, or your estate, unless:

- Your spouse lives at the property;
- Your sibling lives at the property, is a co-owner, and meets certain conditions.
- Your child lives at the property, and is blind/disabled; or
- Your child lives at the property and is younger than age 21.

You can find a list of services subject to cost recovery under a pre-death lien in WAC 182-527-2734.

Assignment of Rights and Cooperation:
You understand that you assign third party payments for medical care to the State of Washington when you receive Washington Apple Health coverage. This means that the State of Washington will bill any other insurance plan that is legally obligated to cover any of your medical expenses (this could be the insurance plan of an ex-spouse or a parent that you no longer live with). The subscriber of that insurance plan could receive information about your medical expenses that are paid by that plan. If you are afraid that this could endanger you or your children, you can ask us not to pursue third party payments for medical care.

Annuity Disclosure:
If you or your spouse has an interest in an annuity and you accept Washington Apple Health (Medicaid) Long-Term Care benefits, you must name the State of Washington as a remainder beneficiary of the annuity.

Administrative Hearing Rights:
If you disagree with a decision we have made regarding your health care coverage or long-term care services, you have the right to appeal the decision through the administrative hearing process. You may also ask a supervisor and administrator to review the disputed decision or action without affecting your rights to an administrative hearing.

16 Authorization

I understand the information I provide to apply for or renew assistance will be subject to verification by federal and state officials to determine if it is correct. I authorize the Washington State Health Care Authority (HCA) and Department of Social and Health Services (DSHS) to conduct asset verification to determine my eligibility and to verify the accuracy of my financial information. I understand this authorization ends when a final adverse decision is made on my application, my eligibility for benefits ends, or if I revoke this authorization at any time by providing HCA or DSHS with written notice. Should I revoke or refuse to provide authorization, I understand that I will not be eligible for any Washington Apple Health Aged, Blind or Disabled Medicaid program.

Revocation or refusal to authorize asset verification does not impact eligibility for Tailored Supports for Older Adults (TSOA).
