

NON-EMERGENCY MEDICAL TRANSPORTATION GAS VOUCHER INFORMATION

- **We provide one gallon of gas for each 10 miles that you travel to and from your medical appointments, as verified on MapQuest or Google Maps. *We do one gallon voucher per household per day.***
 - **Three pieces of information must be *current* in our files AT LEAST 2 full business days (48 hours) before the appointment:**
 - Washington State Driver's License of each driver for the client
 - Vehicle Registration for each vehicle used to transport the client
 - Car Insurance on each vehicle used to transport the client
 - **Request the gas voucher up to a month ahead of time but at least 2 full business days before (not including weekends or holidays) giving the appointment:**
 - Date
 - Time
 - Place and phone number for all appointments on that day
 - Medical reason for appointment
 - Name of driver and car – *the voucher will be valid for the driver and vehicle you have scheduled with us.*
 - **On the day of the appointment:**
 - Go to the gas station on the day of the appointment, show your license to the gas station attendant and give name of the client.
 - Pump the amount of gas shown on the voucher. If it won't all fit in your tank you forfeit whatever is left – you may not put leftover gas into another vehicle or gas can. We allow approximately one gallon per 10 miles. If you wish to purchase gas in addition to what is on the voucher, tell the attendant ahead of time.
 - Sign the receipt.
 - Please note – This program is not associated with any "fuel reward" programs. The monetary amount of the voucher **may be applied** to any personal gas cards you may have.
 - **If you cancel or change an appointment you must call and notify us right away.**
 - If you can cancel an appointment, let us know so we can cancel the voucher.
 - The state requires that we verify a percentage of appointments to be sure clients attended. We call and verify with the receptionist.
 - If you pick up the gas and we verify you did not attend the appointment you told us about, you will be liable to the cost of the gas.
- If there are any problems at the gas station please call us.** Let us resolve any issue. Do not argue with the service station attendants. If you wish to verify that a voucher was faxed, please call us, not the gas station.
